

To all patients:

Due to the excessiveness of patients' requiring various letters, we are implementing a charge policy for all letters. There will be two levels of charges for letters that require any staff member or Dr. Dennis' time.

- Level 1- Simple letter requiring minimal time and no chart review - \$75.00
- Level 2- Letter requiring any type of chart review - \$125.00

This is a per letter charge – no revisions, the letters will be as written.

If a letter is in need of revision, another fee will be charged.

All fees for letter's are to be paid prior to the letter being generated.
